

COVID-19 ALERT

In response to the COVID-19 situation, we at Dalhousie Station Foot Clinic want to ensure that the health, safety and well being of our patients, staff, and the community at large is our top priority. Effective immediately, we will continue to operate but under restricted hours, and walk-in appointments will not be accepted at this time. This allows our clinic to implement additional measures to provide a safe and disinfected environment for all our patients. Please call our clinic for further information if you have any questions or concerns.
